DRAW RESULT OF SCHRECK-ROSS BOUT HERE LAST NIGHT

Ross Shows Up Better Earlier in the Game Than He Does in the Last Two Rounds. Best Work by Schreck Being Done in Tenth—Telegrams Received From Other Boxers.

Mike Schreck of Cincinnati and Tony Ross of Newcastle, Pa., fought ten rounds to a draw at the Amphidrome last night before a crowd estimated at fully 1,500 night fans. John Dunn of Calumet was referee.

Ross towered inches above Schreck and outwitted him, but what Schreck missed in height and weight he made up in science and knowledge of the game. He fought a defensive game in the early rounds and as the fight neared an end came after Ross with telling effect. In the ninth Ross was bleeding at the mouth and had a discolored right eye, and in the tenth seemed dazed and groggy. Schreck, on the other hand, was almost as fresh as when he entered the ring and could easily have gone another stretch. Neither man was marked, showing evidence of hard training by both the contestants.

The initial round opened with Ross getting in the first blow, a left swing to body. The honors in this frame were about even. Both men exchanged blows and appeared to be studying each other's style of fighting. Schreck copped the honors in the second, and again in the third did he show up the best. In the fourth and fifth Ross had the better of the argument. From the sixth on Schreck did more forcing and in the clinches got in some telling short jabs to body and hooks to neck. The seventh was Schreck's round by a wide margin, he outpointed his opponent. In the eighth Schreck showed great cleverness and ducked some hard blows, retreating by getting to Ross pretty frequently. In this round Schreck swung in a clinch and Referee Dunn received a nice love pat in the neck. It did not hurt, but made a big hit with the crowd. Schreck opened the tenth with a left to jaw, Ross giving a straight left to chest. Both men fought hard but Schreck appeared to have the advantage. Referee Dunn raised the arms of the men and declared the bout a draw. The spectators took the verdict good naturedly. Schreck was seen immediately after the fight and did not look much the worse for wear, while Ross appeared tired and considerably worn out.

Telegrams challenging the winner on behalf of George Gantner of Duluth and John Wille of Chicago were read at the ringside, and "Germany" Schultz of Butte was introduced as being desirous of meeting any man in the world in a catch-as-catch-can wrestling bout at 175 pounds.

The main bout was preceded last evening by a slashing four round encounter between George Campbell and Kid Lucas. Campbell easily showed his superiority but the match was declared a draw.

PARK ASSOCIATION ELECTS.

The Winona Park association at a recent meeting elected officers for the ensuing year, as follows: President—John McCarthy. Vice President—Dr. A. D. Aldrich. Secretary—Frank G. Luky. Treasurer—Robert Anderson.

Work on laying out and clearing the grounds was progressing very well until the fall of snow put a damper on operations for a time. If more pleasant weather is had this fall active operations towards completing the work will be resumed. The association now has plenty of money on hand to see the work carried on and before winter is here in earnest it is expected the park will have a fair showing of its actual appearance to be.

TOWNSEND HERE TONIGHT.

Saginaw Congressman Will Spend Couple of Days in Houghton. Congressman Charles E. Townsend of Saginaw will arrive in Houghton at 7:45 tonight from the Iron country, and during tomorrow and Thursday will put in his time in the copper country, meeting old friends, making new ones and generally speaking, building his fences for his candidacy to be United States senator to succeed Hon. Julius Caesar Burrows, whose term shortly

BACKACHE OR KIDNEY MISERY WILL GO AFTER TAKING JUST A VERY FEW DOSES

Your out-of-order kidneys will act fine ending the most severe bladder trouble—A prompt and harmless way to end all urinary trouble is to take Pape's Diuretic.

The most effective and harmless way to cure backache and regulate out-of-order kidneys, or end bladder trouble, is to take several doses of Pape's Diuretic.

You will distinctly feel that your kidneys and urinary organs are being cleaned, healed and vitalized, and all the miserable symptoms, such as backache, headache, nervousness, rheumatism and darting pains, inflamed or swollen eyelids, irritability, sleeplessness, or suppressed, painful or frequent urination (especially at night) and other distresses, leaving after taking the first few doses.

The moment you suspect any urinary disorder, or rheumatism, begin taking this harmless preparation

expire. No plans for Mr. Townsend's entertainment have as yet been made but he will doubtless be accorded every consideration.

There will be a small reception committee to greet him at the train tonight, made up of a couple of newspaper reporters and one or two local business men. Tomorrow morning President Miller will ascertain Mr. Townsend's wishes in the way of entertainment and there will likely be some sightseeing and a dinner at the Douglas.

NEW GARAGE COMPANY.

Three Popular Houghton Men Form Company and Open Business.

A new garage company has been organized in Houghton, under the name of the Northern Garage & Supply Co. Ernest Hanson, a well known local expert in gasoline engines for automobiles and motor boats, will be in charge of the new company's repair department while John Funky, who has for some time been foreman for Carroll Bros. in their machine shop, will be at the head of the mechanical department of the new concern.

The sales and business end will be under the direction of N. P. Mowatt, who has been identified with the Anchor Packing Co. as salesman in this territory. All of the gentlemen are well known to the people of copperdom and being well versed in their respective lines ought to make a strong combination in the garage business.

The new company will have its shop and garage in the building along the water front, east of the Amphidrome, where they will be able to care for boats as well as automobiles. The building is a two-story structure, each floor being 100 by 50 feet in size, so that there will be ample room for the storage of autos, in addition to machine and paint shops. A complete tire-re-treading and vulcanizing plant is to be installed in the spring which will not be equalled north of Chicago. Messrs. Mowatt, Funky and Hanson leave today for Chicago where they will purchase machinery and equipment for the new plant. While in Chicago they will look over a number of cars for which they will have the local agency. The new concern proposes to enter the business in the right manner and they will have a modern and up-to-date plant where repairing will be promptly attended to.

WILL FIGHT AL KAUFMAN.

Tony Ross Will Meet Heavyweight Scrapper at Boston Soon.

Tony Ross, the heavyweight boxer, left this afternoon, accompanied by his manager, Jimmie Dime, en route to Boston where a match has been framed for Ross with Al Kaufman for either Nov. 2 or 9. An effort was made to have the bout for this evening, but Dime notified the Boston Armory Athletic association, which is staging the bout, this would be impossible, because of the Houghton engagement.

Kaufman is a leading figure in the heavyweight boxing class and if Ross disposes of him it will be another step towards his proposed fight with Jack Johnson.

Billy Hogan, manager for Mike Schreck, arrived yesterday afternoon from Chicago and was on hand last night to look after his man's interests.

FINNEGAN GETS A VERDICT.

Calumet Man is Awarded Twelve Cents Damages in Court.

After being out all night the jury in the libel suit of P. H. Finnegan vs. George T. Baldwin returned a verdict this morning in favor of the plaintiff, and assessing damages in the sum of 12 cents, six cents being for injured feelings and six cents for damaged reputation. This being the last of the jury cases for the September term the remaining jurors were excused from further duty.

It is not improbable that an appeal will be taken in the Finnegan-Baldwin case.

Miss Ethel Stoyke has returned from Saginaw where she attended the grand chapter meeting of the Order of Eastern Star as delegate from Houghton chapter, of which she is worthy matron.

A large number of out-of-town people were in Houghton last night to take in the Schreck-Ross fight at the Amphidrome.

Mike Sallanen, aged 73 years, is dead at the county infirmary, the result of cancer. He was buried in Potter's field, having no known relatives.

VALUATION OF COUNTY IS PLACED AT \$97,820,318

County Board of Supervisors Adopts Report of Its Equalization Committee, Which Recommended but One Change in Original Valuation—Elm River Township Valuation Increased.

The assessed valuation of the county of Houghton, as determined by the board of supervisors in adjourned annual session this morning, is \$97,820,318. The valuation, as determined by the supervisors, prior to the meeting of the equalization committee, was \$18,900 less, the only change recommended by the committee being in the case of Elm River township where the valuation was raised from \$1,095,545 to \$1,135,545. The valuation of Calumet township is, of course, the largest, it being \$29,411,516.

This morning's session of the supervisors dealt principally with matters requiring the expenditure of money and the collecting of the same. After reading reports of several committees as to accounts audited the report of the equalization committee on the assessed valuation of the county was presented, read and adopted. The committee also recommended the spreading of the state tax over the several townships and city in the sum of \$478,727.16, and it also recommended raising county taxes in the sum of \$171,185.56. The board then directed the raising of township, school and highway taxes, as recommended.

Money for Agricultural Society.

The Houghton County Agricultural society was allowed \$1,000 which left to pay up a portion of its deficiency amounting to \$1,982.48. C. H. Moss, treasurer, and John T. McNamara, secretary of the society, were at the meeting and Mr. Moss presented a financial statement. The salary of Hon. Albert T. Streeter, circuit judge, was continued at \$3,500 per annum, while that of the school commissioner was raised from \$1,000 to \$1,500, the new law fixing the sum of \$1,500 as a minimum where there are in excess of 175 school rooms.

County Clerk Richardson was allowed an additional compensation of \$400 per year to pay for the services of an assistant clerk in his office and the salary of the assistant prosecuting attorney was fixed at \$1,000 per annum. During the past year this officer has been paid by the prosecutor out of his own pocket.

Other County Matters.

The secretary of the board of poor commissioners was given a salary of \$400 per annum in addition to the salary of the superintendent of the poor. The matter of caring for the tuberculosis patients during the winter months at the expense of the county was referred to the county committee on poor with power to act.

The land committee decided to give an option to the Cleveland Cliffs Iron company, to explore for iron on land owned by Houghton county, also sold a parcel of land to the J. S. Morrison estate. County land agent Miller was authorized to have some land looked up.

The matter of selecting a county depository by the board of supervisors was placed in the hands of the finance committee which will investigate the matter and report at the next meeting. The bids of the Houghton county banks for the deposits of the county were opened this morning and showed that all of the banks but two offered to pay 2 per cent interest on daily deposits. One of these banks offered to pay 2 1/2 per cent on any part of \$50,000 and the other agreed to pay 2 1/2 per cent on a deposit of \$40,000. The bids will be carefully considered by the finance committee before a report is presented.

YOUNG MAN FALLS TO HIS DEATH IN BALTIC MINE

Frank Garapecnie, a single man, aged 22 years, was accidentally killed this morning, by falling from the 9th to the 13th level in No. 2 shaft of the Baltic mine. The accident happened at 5 o'clock. An inquest has been conducted, the jury returning a verdict of accidental death.

The decedent was waiting at the 9th level for the skip to take him to surface. It stopped at the 10th level, and he started to climb down to it. It is supposed that the decedent lost his balance and fell down the shaft to his death. As far as can be learned no relatives in the copper country survive him.

CAN'T COAL IN CANADA.

Vessels Must Keep Out of Foreign Ports to Avoid Tonnage Tax.

Since the new law imposing a tonnage tax on vessels arriving from Canadian ports went into effect, there has been much discussion among vesselmen relative to the ability of vessels which might clear from one port to another and which might, en route, call at a Canadian port for coal or other supplies. Accordingly, the department of commerce and labor has sent out a letter to the customs collectors, stating that such vessels are liable and must pay the tonnage tax, providing they are obliged to report and clear from the Canadian ports, as is the case on this side of the border.

The order is one of considerable importance to lake navigators. It is a frequent occurrence for vessels bound from the lower lakes, when at the Soo, to cross over to the Canadian side to take on fuel coal, simply as a matter of convenience. When landing on the Canadian side, the masters report and take their clearances from the Canadian port. Under the ruling of the department, in such cases the American collectors will be obliged to collect the tax of two cents per ton for the first five such entries on every vessel, the law providing that no vessel shall be compelled to pay more than ten cents per ton in a single season. This will probably mean that the vessels will

HOTON BREVITIES.

Circuit Judge A. T. Streeter and Court Reporter Ingram went to L'Anse this morning where this afternoon the former convened the October term of court for Baraga county. The calendar is a brief one and will likely be cleared up in a couple of days. Next Monday Judge Streeter will convene the October term of court for Keweenaw county.

Dr. W. J. Spencer has gone to Cleveland for a visit with relatives.

E. J. Dube is home from a business trip to Detroit.

Miss Elizabeth Gottstein has returned from a visit with friends in Chicago.

The Houghton fire department yesterday afternoon lost a valuable horse in the death of "Chief," due to an affection of the heart. "Chief" was a gray, seven years old and a member of the fire department for the past three years.

Mrs. John H. Dee and Miss Peggy Healy have gone to Chicago for a visit.

Houghton county has a new flag for the court house staff. It is 15 by 30 feet in size and was floated for the first time today.

Robert H. Shields of Houghton has left for Lansing to attend a meeting of the State tax commission of which he is a member.

Mrs. S. J. Bahan of New York arrived in Houghton at noon today to join her husband who has been here for a short time on business.

AEROPLANES AND WHISKERS.

Aviator Glenn H. Curtiss, at a dinner in New York, said of an aeroplane that had not flown:

"It isn't enough to call this contrivance an aeroplane. Calling it an aeroplane, you know, won't make it fly."

"Once, in the days of the free silver future, I heard an orator with long whiskers make a free silver speech. 'Gents,' said he, 'our country's welfare demands that silver be kept at its face value. If the government marks a dollar a dollar, it follows that it must be worth 100 cents.'"

"Excuse me—may I ask one question?" shouted a man in the rear of the hall.

"Certainly, sir," said the orator.

"Then," said the man in the rear, "if the government marked your whiskers they would a mule eat them?"—Washington Star.

WHAT A YACHT IS

Cornelius Vanderbilt, at a dinner at Bar Harbor in honor of his sloop Aurora's victory in the squadron run from Portland to Rockland, said aptly:

"Yachts, like these, then, don't come under the cynical definition I once heard a Camden lobsterman give."

"What, exactly, is a yacht?" a lady said to this old lobsterman.

"He plugged a lobster's claws and answered mockingly:

"What's a yacht? Oh, ye just take an old tub or craft, an' fill her up with whisky an' chicken an' cigars, an' git yer friends all on board, an' hev a high old time—an' thet's a yacht."—Washington Star.

THE UNEXPECTED TRUTH.

The minister was spending the afternoon at home of one of his mem-

Weak? Tired? Run-down?

These conditions come from overwork, a weak stomach, overtaxed nerves or feeble blood. When you feel "all in"—hardly able to drag about, no energy, no ambition, easily exhausted and can't sleep—take

BEECHAM'S PILLS

and note what a difference they make in your condition. The stomach is the first to feel the good effects. Food tastes good, the digestion is strengthened, bowels and bile work regularly, the blood is cleansed, and the nerves rested. The whole system responds to the tonic action of Beecham's Pills. Soon there is the buoyant feeling of returning health.

Fresh Strength and New Life

bers. The father told his little son to bring some apples from the cellar. The child obeyed and in the kitchen found an especially large red one which had been brought up the day before, so placed it on the dish with the others.

When they were passed this was the apple the minister took, and feeling it so warm, remarked to his host that the cellar must be very warm.

"Did you not bring these apples from the cellar, Ned?"

"Yes, father, all but that one pastor has; it was in the kitchen."

"Why did you not tell me?" asked the pastor.

"Well," with childish frankness, "I didn't think you would take the biggest one on the shelf!"—Delineator.

To Him Who Waits.

Most of the things that come to him who waits are disappointments.

Sun Cooking.
A German, Baron Tebernhausen, was the first sun cook. He began in 1687 to boil water, and in 1688 he had very good success in boiling eggs. Sir John Herschel and Buffon are other famous names associated with sun cooking. Sun cooking—roasting and boiling by sunlight instead of coal or gas—has been going on for three hundred years. There are sun stoves that roast a sirloin or boil a soup to perfection. They are only used, however, by scientists.

Inventions Discount Talent.
"I wasn't no good as a musician in the old fiddlin' days," says Uncle Henry Butterworth, "but when it comes to playin' a phonograph I'm just as good as anybody."—Kansas City Times.

Subscribe for the News.

Winter Clothes for Women and Children are the order of the day.

Ready and waiting for you here are the smartest of Coats, Suits and Furs in the greatest variety we've ever shown.
